

 Wilsonart®

QUARTZ

Engineered surfaces. Inspired by nature.

At Wilsonart, we are inspired by the world around us. We take the very best of nature — its colors, its shapes, its textures — and then we develop beautiful, innovative engineered surfaces designed to outperform nature, while having minimal impact on our planet.

Wilsonart's 2020 Quartz Collection provides a thoughtful framework to develop your own narrative—your own personal reprieve—and is equipped to meet a growing demand for a connection to nature, mindfulness and wellness. From marble looks reminiscent of old-world opulence to retro-inspired terrazzo and contemporary aggregates, many of Wilsonart's new Quartz designs are influenced by Mother Nature—a natural source of life-giving and nurturing.

With imagery of rugged, layered rock or sophisticated veining that lends dignified elegance to its environment, our designs are available in a range of warm neutrals that offer a familiar respite, as well as in crisp, cool hues that can help refresh and invigorate the mind.

STAIN AND SCRATCH RESISTANT
A surface designed for a lifetime

Wilsonart® Quartz is non-porous and engineered to be an extremely dense surface, which makes it highly resistant to stains, abrasions and scratches. This helps to ensure that your surface will remain in excellent condition long into the future.

EASY TO MAINTAIN
A clean and simple surface

Since Wilsonart® Quartz is a non-porous surface, it requires significantly less maintenance when compared to other natural stones. It will never need to be sealed or polished, and allows for messes to be wiped away with a simple household cleaner.

ENCHANTED ROCK Q4041

Jumbo Slabs

New jumbo-size slabs allow you to maximize every inch of your space, eliminate the need for multiple seams and optimize your design capabilities for a budget-friendly, high-end look. To see our pattern availability and slab size details, visit Wilsonart.com/Quartz/Jumbo-Slabs.

All Wilsonart® Quartz slab sizes are available in 2cm or 3cm thickness.

Service You Can Trust

Wilsonart® Quartz is available nationally through the best distribution network in North America, ensuring you that the product you need will be there when you need it. Wilsonart is proud to be a Texas-based company since 1956.

Visualize Your Space

Create to your heart's content with the Wilsonart® Visualizer. This interactive design tool lets you see the possibilities and design with confidence.

Physical Properties

Quickly access technical, fabrication, certifications and other resources by scanning the QR code with your internet connected smart phone or tablet. You can also visit Wilsonart.com/Quartz to learn more.

Wilsonart® Quartz is a natural product, and for this reason a slight variance in color, shade, and structure of the natural stone is inherent. Images are meant to reflect a general indication of a particular design's color, hue, and composition, and is not a guaranteed replication of a full-sized Wilsonart Quartz slab. Always refer to an actual sample before ordering.

About Wilsonart

Wilsonart, a world-leading engineered surfaces company, is driven by a mission to create surfaces people love, with service they can count on, delivered by people who care. The Company manufactures and distributes High Pressure Laminate, Quartz, Solid Surface, Coordinated TFL and Edgebanding and other decorative engineered surfaces for use in the office, education, healthcare, residential, hospitality, and retail markets. Operating under the Wilsonart®, Arborite®, Bushboard®, Durcon®, KML, Laminart®, Mermaid, New Leaf, Polyrey®, Ralph Wilson®, Resopal®, Shore, Technistone® and Wetwall brands, the company continuously redefines decorative surfaces through improved performance and award-winning designs. For more information, visit www.wilsonart.com or connect with us on Facebook, Houzz, Pinterest, Instagram, Twitter, LinkedIn and YouTube.
